It has built tech and data science heavy tools to create the entire ecosystem around used automobiles, including OBV (Pricing Engine), Eco (121 Points Vehicle Inspection), History (20 Cr Vehicle History Records), Discovery (dozens Of Pre-Buying Tools) and Credit (India's first and only marketplace for used vehicles loans).

Droom is the only E-commerce platform which has successfully built the cost advantage and sophistication of the tech platforms with the strong data science layer, nobody else has been able to do it in India.
