Droom E-commerce Services

DROOM UNIVERSITY

Droom is a **self service platform**. We believe in providing **equal opportunity to all sellers**. To make working on and with Droom easier we have integrated all the important things a seller may require under one roof – Droom University. So, Droom University is an **educational and informational institute** providing inherent knowledge about the platform. From knowing about Droom, to how to upload a listing, to how to extract maximum benefits of the platform, to Droom policies, a seller will find all information handy at Droom University. Droom University offers skill enhancement & training assistance for small and medium automobile sellers, so they can sell online and grow their business. Droom University has close to 100 hours of online material & selling tools.

Benefits of Droom University

- 1. Quick access to information about Droom Policies and Rules**
Get detailed information about Droom policies and rules at one place. Seller can access the complete information about Seller Policies, Terms of use and more in just a few clicks.
