Doorstep Auto Inspection

Scientific

Comprehensive

Unbiased

ECO

ECO is India's most advanced, independent, objective, and unbiased auto inspection and verification service provider. By launching this app Droom is enabling sellers to become a verified auto inspection expert

Anyone who can read and write in English, fix an automobile for a living with some solid experience in the field of automobile, and has the mobility to move around the city, can get on-boarded as a ECO Ninja/auto inspection technician through a simple registration process

Once the registration is done, the on-boarding process constitutes of rigorous training, verification and background checks

Benefits to Sellers:

1. Offer independent, objective, unbiased, scientific & comprehensive 121 checkpoint auto inspection
2. Improve vehicle listing attractiveness
3. You can use ECO to get your listings inspected, which will increase Full Circle Trust Score
4. Increase your online sales, as listings with inspection report are likely to sell first and fast
5. Realize optimal price of the vehicle

ECO ensures to have the best professionals in this field of service to maintain quality and customer satisfaction.
