4. Check Affordability

Use Affordability Calculator to calculate the price range of the motorcycle and EMI affordable according to your current income and expenditure

5. Price

New bikes have two pricing format- ex-showroom price (differs from state to state but remains same for a state) and on-road price (may vary from dealer to dealer within the same state)

6. Efficiency

Shortlist average mileage bike as it will be more fuel efficient

7. Warranty

Ask for a preview of products like paint protection, extended warranty and prepaid maintenance plan

8. Insurance

Choose the Insurance plan wisely; complete coverage of bike will save big money in longer run

9. Resale Value

Brand value and the way you are going to treat your bike will decide the resale value in future

10. Depreciation

Bike value depreciates over the years that affects the resale value, so it's important to evaluate while buying a bike

11. Total Cost of Ownership (TCO)

Calculate TCO tool to calculate ownership cost split for 5 years in terms of insurance, service, fuel, tire change, etc.

12. Test Drive Yourself

Test drive the bike on different roads and do this yourself to judge the bike performance

13. Pre-Approved Loan

Get the quotations from different financial institutions to pick the best one with 70% pre-approved loans

14. EMI

Use EMI Calculator to calculate monthly EMI and interest & principal components of each EMI for the required loan amount

15. Rating & Reviews

Check the genuine rating and reviews which are given by authentic users and experts

16. Authorized Dealer Only

Buy from an authorized dealer only to get the best price with all discounts and offers

17. Research

Do research extensively to find the suitable bike type, make and model

18. Consult Existing Owners

Ask your friends and relatives who own any sorts of motorcycles and will give unbiased advice, as it will be helpful in your decision making

19. Buying Convenience

Choose the online platform as it offers the maximum buying convenience with added benefits

20. Post Delivery Document

Please do collect all the required document such as Insurance Copy, Service Manual, Warranty cards, Registration Certificate, etc.
