

## About Droom

Droom, an AI and data science-driven platform, is revolutionizing India's automobile market. It's the largest online vehicle transactional marketplace, offering both new and used vehicles to over 1.5 million customers.

Droom hosts an impressive inventory of over 290,000 vehicles in 1,174 cities. Its tech-forward approach includes a comprehensive 1,100-point vehicle inspection, ensuring quality and value. Key elements of Droom's ecosystem include the Orange Book Value, an algorithmic pricing engine with over 783 million queries; History, a vast repository of 250 million+ vehicle records; Droom Fintech for convenient financing and insurance; and Velocity, for efficient last-mile delivery services.

Droom is led by Sandeep Aggarwal, a distinguished entrepreneur who founded two unicorns. The company is bolstered by an experienced leadership team and supported by marquee global investors such as Lightbox, Digital Garage, Toyota Tsusho Group, Beenext, Beenos, Recruit, and 57 Stars, along with several multibillion-dollar family offices in Southeast Asia and Hong Kong. With over 575k+ vehicles sold, totaling \$7.1 billion, Droom is a leader in automobile e-commerce and is celebrated for its innovative and technological prowess.

## Leading Automobile E-Commerce Platform Providing Curated Experiences To Buy & Sell
